Re: U.S. Patent Application Ser. No. 10/647,672
Entitled: Knowledge Acquisition and Retrieval Apparatus and Method
Inventor: Sherwin Han
Our Ref.: ABK-001.02 (21375-102)

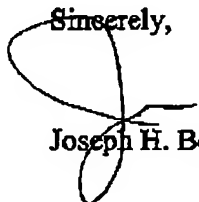

Dear Sherwin:

Some months ago you expressed your disbelief in the explanations we gave you regarding our bills, and you indicated that you would be transferring your matters to another firm. But you have not told us the firm to which we should transfer the files for those matters, of which the above-identified patent application is one.

We urge you to make appropriate arrangements right away. Although no substantive action has yet issued in connection with that application, such an action could issue at any time, and, since you have refused to pay our bills, we will be notifying the U.S. Patent and Trademark Office shortly of our intention to withdraw from representing you before that body. So having the new firm in place before the next action issues would be advisable; you will have only a limited time in which to respond.

We look forward to your instructions.

Sincerely,

Joseph H. Born
